The inter.PAL - DEPOT Solutions

Flexible. Favourable. Transparent.

1 Get access free of charge

To take part in the european Depot-Network of inter-PAL for flexible dropping and pickup of e.g. euro pallets you simply need access to the inter.PAL-Online-Portal.

You receive your access data within a few minutes from the inter.PAL - Service-Team.

2 Drop pallets

Received pallets are blocking parts of your loading space? Use one of the numerous inter.PAL-Depots for disposal.

3 Flexible pickup of pallets

You need pallets to be left at your next loading point? Simply pick them up at one of the inter.PAL-Depots in Europe.

4 Transfer pallets

The transport of pallets is expensive - but especially unnecessary! Having access to the inter.PAL-Online-Portal you can clear pallet payables and receivables. Simple, favourable and flexible. The movements are transparent for all parties involved; additional coordination is not necessary.
