# FLLC Recap

# FLC Recap

**This year's Fall Leadership Conference was one of our best conferences yet!**

Inspired by Dr. Mike's ILC Keynote Presentation, Our officer team aimed to make FLC different from previous years by inviting an energetic and experienced speaker that would deliver a resonating message to our local chapter officers. Therefore, our officer team decided to invite Kelly Barnes, a professional speaker/leadership coach. Kelly spoke to our members about leadership, perseverance as well as what it takes to be a successful health professional. We truly couldn't have asked for a better speaker!

Additionally, our members were given the opportunity to learn about Illinois HOSA and meet the current State Officer team. Our Officer team shared some fun facts about themselves as well as shared the responsibilities and duties that their respective positions carry. During the conference we conducted several icebreaker activities that allowed our local chapter officers to network with one another. In the end, Our officers shared information on running for state office as the deadline to apply is approaching! Applications can be found on the Illinois HOSA Website and are due no later than Feb 1st.

All in all, it was a great event where people were able to be inspired and become motivated for the competition season leading up to SLC 2023. Can't wait to see you all at our State Leadership Conference!
